

13 - 14 OCTOBER 2020

RE: Why I should attend KZN Construction Expo

Dear

I have been invited to attend KZN Construction Expo, taking place from 13-14 October 2020 at the Durban ICC. The annual event is the regional hub for the construction industry.

Part of the Big 5 series of events, the KZN Construction Expo provides the platform for distinctive opportunities for business expansion, networking and learning for thousands of built environment professionals visiting the 2-day expo.

I believe it would be beneficial not only for my personal development but also for the business as a whole, making sure we stay relevant and up-to-date with industry technologies and solutions.

Most importantly the event will feature free CPD accredited workshops led by industry experts, which will add credibility to my professional career. This is something I am very passionate about. The networking opportunities are invaluable and I believe this is the best setting to meet new industry colleagues and peers.

I look forward to bringing back business insights and industry knowledge that will take us forward as a business.

Kind regards,

dmg events are actively monitoring the COVID-19 pandemic. The health, safety and well-being of our construction community remains the utmost importance to us. [Read more](#)
